

REMOTE CONTROL STICKERS

(printing on sticker paper is recommended)

Rear Sticker (optional)

Front Sticker

1. Cut out the Front Sticker along the white lines. Make sure to cut out the 3 holes.
(OPTIONAL: Cut out the Rear Sticker.)

2. Apply the Front Sticker to the front of the remote, lining up the holes with the buttons and LED light. If you printed on plain paper, you can use spray adhesive, double-sided tape, or other means to apply the sticker.

(OPTIONAL: Apply the Rear Sticker to the rectangle on the back of the remote.)
